# Getting Involved

## How You Can Make a Difference!

Habitat for Humanity believes that every man, woman and child should have a decent, safe and affordable place to live.

We build and repair houses all over the world using volunteer labor and donations.

Our partner families purchase these houses through no-profit, no-interest mortgage loans or innovative financing methods.

# Habitat for Humanity

## Construction

You don't have to be an experienced architect to assist on construction sites. Spend one day on a construction site and you'll see changes on the house, in the neighborhood and within yourself.

## Advocate

Use your voice for change and help us end poverty housing worldwide.

While building homes is central to Habitat's mission, changing the systems, policies, attitudes and behaviors that lead to inadequate housing and homelessness are just as important.

## Donate

Habitat for Humanity functions on the donations of others. There are many ways you can donate:

- Donate money one-time, monthly, annually etc.
- Donate building materials, furniture or appliances to your local ReStore.
- Stocks and Bonds
- Fundraising with local businesses.

## Restore

Nonprofit home improvement stores that sell new and gently used furniture, home accessories, building material and appliances to the public at a fraction of the retail price.
